**Corporal Works of Mercy:**

As the cold weather approaches, it is time to think of those less fortunate. Last November, our parish family collected hats, gloves and socks for the homeless and needy. It was a tremendous success with huge bags delivered to Akron, Barberton and Wooster. Women of Grace and Sts. Peter and Paul School will be sponsoring the collection again this year. A box will be at the back of the church Saturday, November 10 through Sunday, November 17. There will also be a box at the school. Please be generous again this year for this corporal work of mercy.

**Asbestos Inspection/Management Plan:**

Federal law requires all schools to inspect their buildings for asbestos-containing materials and to develop Management Plans for those materials found. Our school has completed this Inspection/Management Plan and has submitted a copy to the Ohio Department of Health.

This asbestos Inspection/Management Plan is available for your review, by appointment, during our regular business hours. If you wish to see the report, please contact the school office for an appointment. All appointment requests will be honored within five (5) working days of their receipt. Also, a copy of the Inspection/Management Plan can be made available upon written request, for the cost of reproduction.

Our school maintenance and custodial staff has received specialized asbestos training, and will visually survey the asbestos-containing materials in our building every six (6) months. A complete re-inspection by an EPA accredited inspector will occur every three (3) years, and copies of these inspections will be available for your review. If asbestos abatement is ever required, other than small-scale short duration repairs, only fully EPA accredited asbestos contractors will be used.

Please be assured that we are concerned with safety and will make every effort to comply with all laws and regulations pertaining to asbestos.
